

REMARKS

There were two Written Opinions prepared during the examination of the originally submitted Patent Cooperation Treaty Application. One Written Opinion was dated 21 September 2004 and the other was dated 06 April 2005. The applicant responded to both Written Opinions and amended the specification and the claims. Amended Sheets were incorporated into the application to respond to the issues raised by the Written Opinions. For the convenience of the Examiner and to avoid any confusion, enclosed herewith is a copy of the amended application on which the International Preliminary Report on Patentability was based.

In entering the National Phase in the United States, the amended application is further amended herein. In the specification Amended Sheet page 5, is amended by deletion of lines 22-23. The deleted portion is shown with strike-through markings. Only the paragraph preceding and the paragraph following the change are submitted herewith in accordance with Revised Amendment Practice 35 CFR 1.121 effective date July 30, 2003.

Claims 1, 3, 4 and 5 are amended herein and original claim 2 is not further amended. Claim 1 has been amended to delete a portion which is shown by the strike-through. Claims 3-5 have been amended to remove multiple dependent claims.
